

Dear Pam Powell,

I would like to take this opportunity to thank you for the generous support of the Roth Heating and Cooling Scholarship. As one of this year's recipients, I would like to express my utmost appreciation of your choice to assist me in financing my college education. My family and I are very grateful, as we rely on financial aid to reduce the daunting task of paying for college. Receiving this scholarship of 1000 dollars will be of tremendous educational value for many years to come.

Attending Oregon State University has been my dream ever since I decided to pursue a degree in the engineering field of study. I chose OSU knowing that they have one of the best departments of engineering in the area. I am from Canby, Oregon and graduated from Canby High School with an honors diploma. I plan to participate in many student organizations throughout my time here at OSU and always strive for success. Upon completion of my degree, I will pursue a career in chemical engineering.

I once again thank you for your generosity. I hope to become an individual that makes Roth Heating and Cooling proud of supporting my educational dreams.

With sincere thanks,

A handwritten signature in cursive script that reads "Devon Jarmer".
